OLD BUSINESS

P. Revisit Sierra Point Open Space and Parks Process

Parks and Recreation Director Leek is seeking direction from Council regarding guidance on next steps in the Sierra Point Open Space and Parks Process.

After Council questions, public comments were made by the following members of the public:

Nancy Lacsamana commented on making the Bay Trail a place to visit, picnic, bike, walk, with a clear outlook on sea level rise.

Ron Davis (read by Michele Salmon) wrote that a community building like the Mission Blue Center is more suitable for the community than a park.

Michele Salmon commented that the City needs to take a pause. The land is continuing to subside. We need to direct resources not on a park but on the boat area as well as the land area of the Marina.

Mea Christie could make the site more appealing and connected to town. Addressing the sea level rise would be the bare minimum.

Linda Dettmer (read by Michele Salmon) commented that a large and beautiful park will do nothing to address our most pressing issues. I appeal to the sensibility of the entire council to do the right thing and forego the impracticality of a

large park project.

Michele Salmon invited the larger community to be engaged and attend upcoming events in the Marina.

After Council discussion, Council directed staff to use funds to finance a Sea Level Rise Study in the Sierra Point site and find a consultant to do the work.

NEW BUSINESS

Q. Consider Introduction of an Ordinance, Waiving First Reading, Concerning the Timing of the Construction of Off-Site Improvements

(This Ordinance is exempt from review under the California Environmental Quality Act (CEQA) because it is not a project. CEQA Guidelines section, 15378 (b)(2))

City Engineer Breault reported that the Municipal Code currently does not have provisions that would require off-site work to be completed before onsite work begins. Staff has drafted the ordinance the purpose of which is to eliminate or substantially reduce neighborhood concerns,

After brief Council questions and no public comment, Councilmember Cunningham made a motion, seconded by Councilmember Cunningham, to introduce an Ordinance, Waiving First Reading, Concerning the Timing of the Construction of Off-Site Improvements. The motion passed unanimously by all present.

Ayes: Councilmembers Cunningham, Lentz, Mackin, O'Connell and Mayor Davis
