

CITY of BRISBANE

City Council Special Meeting Agenda

Monday, December 1, 2025 at 5:00 PM • Hybrid Meeting 25 Park Place, Brisbane, CA

The public may observe/participate in City Council meetings using remote public comment options or attending in person. The City Council may take action on any item listed in the agenda.

TO ADDRESS THE COUNCIL

IN PERSON

Location: Annex Building 25A Park Place, Brisbane, CA 94005, Annex Conference Room

REMOTE PARTICIPATION

Members of the public may participate by logging into the Zoom Meeting listed below.

The agenda materials may be viewed online at brisbaneca.org at least 72 hours prior to a Regular Meeting, and at least 24 hours prior to a Special Meeting.

Remote Public Comments:

Remote meeting participants may address the City Council via Zoom and call in number. We also encourage you to submit public comments in writing in advance of a meeting to ipadilla@brisbaneca.org.

Join Zoom Webinar: zoom.us (please use the latest version: zoom.us/download)

<https://us06web.zoom.us/j/85031706803?pwd=Nlc0NVdaREF5Y3hiN2o0bEhNNkNmQT09>

Meeting ID: 850 3170 6803

Call In Number: 1 (669) 900 9128

Note: Callers dial *9 to “raise hand” and dial *6 to mute/unmute.

SPECIAL ASSISTANCE

If you need special assistance to participate in this meeting, please contact the City Clerk at (415) 508- 2113. Notification in advance of the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting.

5:00 P.M. CALL TO ORDER

PUBLIC COMMENT

COMMITTEE INTERVIEWS AND POSSIBLE APPOINTMENTS

- A. Interview Applicants for up to 5 Open Space and Ecology Committee terms ending January 2030 and 1 term ending 2029
 - 5:05 pm Erin Becker
 - 5:15 pm Jason Nunan
 - 5:25 pm Michele Salmon
 - 5:35 pm Anthony Walker
 - 5:45 pm Dale Wilhelm
 - 5:55 pm Mary Rogers
- B. Discuss and Consider making Appointments for 5 Open Space and Ecology Committee terms ending January 2030 and 1 term ending 2029
- C. Interview Applicants for 4 Parks and Recreation Commission terms ending January 2030
 - 6: 15 pm Trudi Davis
 - 6:25 pm Natalie Ocampo
 - 6:35 pm Tom Seawell
 - 6:45 pm Christine Rose Gornitsky
- D. Discuss and Consider making Appointments for 4 Parks and Recreation Commission terms ending January 2030
- E. ADJOURNMENT

How long have you lived in Brisbane?

72 years

Occupation

Retired

Employer's Name

City of Brisbane

Present Position

Park and Recreation Commissioner

Length of Employment

4 years

Which Commission or Committee do you want to apply for?

Parks and Recreation Commission

Parks and Recreation Commission Questions

What community activities are you presently involved in, or have been in the past?

Park and Recreation Commissioner for almost 4 years served on committees including concerts in the park. Senior outreach. Trails committee including currently spearheading a volunteer effort to improve the entrance to quarry road by clearing the space and adding native plants

Please list any other background information (business, education, personal) that might be useful.

I grew up in Brisbane and was actively involved with the Brisbane Park and Recreation department by participating in every sport offered and that involvement continued during my adulthood. I am a product of the Brisbane Park and Recreation Department.

Why do you want to be a member of the Parks and Recreation Commission?

I have served for almost four years and want to continue contributing to the City of Brisbane

What do you feel you could contribute to the Parks and Recreation Commission?

My enthusiasm. My knowledge of the past and how that affects the future. My embrace of new ideas

Parks and Recreation Commission meetings are held on the 2nd Wednesday of each month, beginning at 6:30 p.m. Commissioners also attend weekend activities such as Day in the Park, and Lagoon and Canyon Clean-ups. What other commitments might cause conflicts in your attendance at Commission meetings/activities or conferences?

No conflicts

CITY OF BRISBANE
PARKS AND RECREATION COMMISSION
APPLICATION

TO: HONORABLE MAYOR AND CITY COUNCIL

I am a resident of the City of Brisbane and am interested in being considered for appointment on the Parks & Recreation Commission.

Name: NATALIE OCAMPO

Address: [REDACTED]

Home Phone: _____ Work Phone: _____

Cell Phone: [REDACTED] Email Address: [REDACTED]

How long have you lived in Brisbane? 8 years

Occupation: Compliance, Pharmaceuticals

Employer's Name: Urovant Sciences, Inc

Present Position: Director of Compliance Length of Employment: 3 months

What community activities are you presently involved in, or have been in the past?
Currently, serving as the Brisbane Park and Recreation Chair Commissioner, serving since 2018.

Also, I'm part of a couple of the Brisbane P&R subcommittees, Day in the Park/Derby, Concerts in the Park, Recreation Facilities, Youth Programs, Seniors, etc. I have also participated in the Park and Rec events that include Concerts in the Park, Corn Hole Tournaments, Pumpkin Water Patch, etc.

Please list any other background information (business, education, personal) that might be useful.

It took me 3 years to graduate from High School as I took went to a Community College during these years so I can start my college life at 16. At 16, I applied for colleges and decided to attend SJSU to major in Biology. I decided on Biology because I wanted a career that focused on helping the community. 3 yrs into College, I had my daughter, Elyssa, and raised her as a single mom. With the support of my family, I was able to work and obtain my degree in Biology, along with finding a role at a pharmaceutical

company right out of college. I was working as Research Associate and decided my path should be focused in the Commercial part of pharmaceuticals. This is where I found the outcomes of the research and the launch of a new drug, how it impacted patients, healthcare providers, etc. This lead my path in going back to school for my MBA and I completed this in 2 yrs. Post grad, I moved up from being in Research to Marketing and now part of the Compliance team at Urovant Sciences, Irvine, CA, working remote.

In between on working on my career path, I fell in love with my husband who was a single father (Jewel) and we became the “modern family,” parenting 2 daughters together. In 2009, we had a daughter together, who’s now 12, named Nolan, when we lived in a small town called Albany, CA. We decided to move back in the Peninsula since our 3 daughters attended schools in SF and found a home in Brisbane in 2014. In 2016 while remodeling, building an addition, we had another addition to our family... Harper, who is now 5 yrs old.

We’ve been well-involved with the schools, coaching volleyball and basketball, volunteering at Glide Memorial and the SF and Marin Food Banks. Our family also utilizes the Brisbane Park and Rec, and I decided to look into being involved with our community here in Brisbane. That’s when I decided to apply as the Park and Rec Commissioner back in 2018. In thinking more, I didn’t think to re-apply as I recently started a role at Urovant couple months ago, but decided to proceed with the process, knowing Brisbane individuals to keep our Park and Recreation strong and active.

Why do you want to be a member of the above Commission/Board?

I enjoy working with the Park and Recreation Staff and learned about the processes, community, and also with the Pandemic that the community has been flexible. We all have a goal to make our community strong. I also enjoy the outdoors of Brisbane and want to pay it forward by re-applying as part of the Park and Commission.

What do you feel you could contribute to the Commission/Board?

I feel I can contribute by being a great listener to hearing the needs of the community. I also enjoy Brisbane’s activities and can continue to support our Park and Recreation events. Also, I feel if there is a need in a specific area for the Park and Recreation, I can be there to assist with what is needed.

Parks and Recreation Commission meetings are held on the 2nd Wednesday of each month, beginning at 6:30 p.m. Commissioners also attend weekend activities such as Day in the Park, and Lagoon and Canyon Clean-ups. What other commitments might cause conflicts in your attendance at Commission meetings/activities or conferences?

I don't have any conflicts right now, but understand the time commitments.

Which Commission or Committee do you want to apply for?

Public Art Advisory Committee

Public Art Advisory Committee Questions

Do you belong to any of the following categories? Check all that apply:

Professionally engaged in the art community, Employee or owner of a business located within Brisbane

Why do you want to be a member of the Public Art Advisory Committee?

I am renewing my Park And Rec commissioner position for a possible two year period. I am currently on the Art Commission. My reason for staying on as a Park and Rec another two years is to see this program through a few more projects. It's a strong committee that is working smoothly and collaboratively. I want to see it stay that way.

Please list any background information (business, education, personal) that might be useful, especially concerning activities that demonstrate your record of public service and commitment to the community.

Park and Rec Commissioner for the past 4 years. Self employed and fully employed as a commercial artist. AYSO volunteer soccer coach in Brisbane for the past 6 years.

What do you feel you could contribute to the Public Art Advisory Committee? Please provide information that demonstrates your interest in Public Art.

I have been told by my peers from the city and on council to stay on as a Park & Rec commissioner a bit longer because they seem to see that I am doing something right.

Which Commission or Committee do you want to apply for?

Parks and Recreation Commission

Parks and Recreation Commission Questions

What community activities are you presently involved in, or have been in the past?

I've participated in multiple community activities in the past but have not had a hand in organizing. For example, Concerts in the Park, Collective Camp/Drop-in-Yoga, Corn hole tournament, Adult Book Club (back at the old library), etc.

Please list any other background information (business, education, personal) that might be useful.

I own my own company that specializes in market research, so I would be useful in collecting/analyzing/reporting community survey data and community data related to the Parks and Recreation Commission. Relatedly, for my work, I frequently need to display data/information in a fashion that is both informative and eye-catching. I also have experience as a high school public teacher and would be comfortable leading activities and ensuring participants are safe.

Why do you want to be a member of the Parks and Recreation Commission?

I want to be a part of the effort that keeps the Brisbane community connected and active. I've loved participating in the various things that the Parks and Recreation Commission is responsible for and want to make sure that those activities continue.

What do you feel you could contribute to the Parks and Recreation Commission?

I bring a passion for the quirky. I enjoy seeing the community come together in new, zany ways, because in the act of doing something outside of one's comfort zone, there will be moments to exist fully in the present and foster genuine connection. I also love the tried and true activities that bring the community together, celebrating traditions that keep Brisbane connected.

Parks and Recreation Commission meetings are held on the 2nd Wednesday of each month, beginning at 6:30 p.m. Commissioners also attend weekend activities such as Day in the Park, and Lagoon and Canyon Clean-ups. What other commitments might cause conflicts in your attendance at Commission meetings/activities or conferences?

I travel for work twice a year, and the exact timing is dictated by my clients, and would not necessarily overlap with commission obligations.

Occupation

Aerospace Engineer

Employer's Name

NASA

Present Position

Aerospace Engineer

Length of Employment

17 years

Which Commission or Committee do you want to apply for?

Open Space & Ecology Committee

Open Space & Ecology Committee Questions

Why do you want to be a member of the Open Space and Ecology Committee?

Brisbane is such a unique town on the San Francisco peninsula, both in terms of the natural environment and the human community. We're lucky to have open space on San Bruno Mountain adjacent to the city and the bay on the other side. My philosophy is that the role of government is to protect the things that cannot protect themselves, which includes the environment. I'm proud that Brisbane has an Open Space and Ecology Committee and I'm honored to be a member of it.

Please list any background information (business, education, personal) that might be useful, especially concerning activities that demonstrate your record of public service and commitment to the community.

Through my employment at NASA, I've taken numerous leadership and management trainings, including an intensive 9-month program in project management. I also have annual trainings in topics such as ethics, records management, cybersecurity, privacy, etc. I've had eight years of committee experience as a member of the NASA Ames Exchange Counsel, which has a similar function to the military's morale, welfare and recreation program.

I've always been interested in science. My undergrad degree is in chemistry and I took few introductory biology and ecology classes, though that was decades ago. I have a Masters Degree in Ceramic Engineering & Material Science and a PhD in Chemistry from Berkeley.

What do you feel you could contribute to the Open Space and Ecology Committee?

Please provide information that demonstrates your interest in open space and ecological issues.

In my current term on OSEC, I helped craft the Dark Skies Ordinance and the Invasive's Regulation and reviewed numerous documents for the Quarry and Baylands proposed developments. I'd like to continue this important work that protects Brisbane's future. I'd also like to become more involved in OSEC's public engagement efforts.

Do you have any personal financial interest in any vacant, undeveloped property in Brisbane?

Which Commission or Committee do you want to apply for?

Open Space & Ecology Committee

Open Space & Ecology Committee Questions

Why do you want to be a member of the Open Space and Ecology Committee?

Over the past two years I have been honored to serve on the Open Space and Ecology Committee, where I've contributed to advancing Brisbane's climate and sustainability goals. I would like to continue this work because I believe our city faces both urgent challenges and tremendous opportunities ahead. My motivation remains the same as when I first applied: to use my professional skills in design, sustainability, and systems thinking to help Brisbane achieve its ambitious targets and to ensure our community thrives as a model for climate action. With major projects such as the Baylands moving forward, it is more important than ever that OSEC's voice remains strong, informed, and proactive in shaping outcomes that protect our residents, our open spaces, and our ecological future.

Please list any background information (business, education, personal) that might be useful, especially concerning activities that demonstrate your record of public service and commitment to the community.

Professionally, I am a Senior Product Designer focused on climate-tech and sustainability. I've worked with electrification startups and developed tools to help households and businesses transition away from fossil fuels. Personally, my family and I electrified our own home and vehicles in 2020, installing solar and storage, which saves thousands annually and demonstrates the benefits of practical decarbonization.

In terms of public service, I have:

- Served on OSEC since 2024, including helping launch the Climate Solutions Subcommittee and contributing extensively to Brisbane's review of the Baylands Draft EIR.
- Regularly engaged with community members and staff to bring forward pragmatic, data-driven sustainability ideas.
- Previously ran for Brisbane City Council on a climate-focused platform.

These activities reflect my long-term commitment to ensuring Brisbane achieves its climate goals while preserving its unique character and open spaces.

What do you feel you could contribute to the Open Space and Ecology Committee? Please provide information that demonstrates your interest in open space and ecological issues.

I bring a combination of hands-on technical expertise, policy knowledge, and community

advocacy. Specifically:

- Climate solutions expertise: As a designer working at the intersection of energy, data, and behavior change, I can help translate complex technical topics into relatable, actionable policies and community programs.
- Practical perspective: Having electrified my own home and vehicles, I understand the opportunities and obstacles residents face and can bring those lessons to our broader local strategies.
- Committee experience: Over the past two years on OSEC I've worked on the Baylands EIR, the Guadalupe Quarry EIR, and multiple city climate planning efforts, developing a detailed understanding of Brisbane's goals and challenges.
- Open space and ecology focus: I am committed to ensuring our open spaces are protected and enhanced, not just as carbon sinks but as vital community assets for resilience, biodiversity, and ecological health.

In short, I aim to continue serving as a strong, informed advocate for practical, ambitious climate action and ecological stewardship in Brisbane.

Do you have any personal financial interest in any vacant, undeveloped property in Brisbane?

Open Space & Ecology Committee Questions

Why do you want to be a member of the Open Space and Ecology Committee?

Currently a member of OSEC (8 years so far). I'm involved in many sub committees that will impact the future of Brisbane. I would like to continue working with the OSEC team in how we shape and protect our city.

Please list any background information (business, education, personal) that might be useful, especially concerning activities that demonstrate your record of public service and commitment to the community.

8 years on OSEC; many years dedicated to youth soccer (when my kids were young); various other volunteer work.

What do you feel you could contribute to the Open Space and Ecology Committee?

Please provide information that demonstrates your interest in open space and ecological issues.

- Have been successful in the protection of the acres. I would like to be part of the ongoing efforts in increasing the span of protected acres.
- The Quarry project is near and dear to me and want to make sure it gets developed with Open Space in mind, understanding that there will be gives and takes.
- The Baylands project needs the OSEC team to keep them honest with the required open space as noted in the current plan. I would like to keep moving ahead with this project.

Which Commission or Committee do you want to apply for?

Open Space & Ecology Committee

Open Space & Ecology Committee Questions

Why do you want to be a member of the Open Space and Ecology Committee?

I have a deep interest in ecology in general, and in fostering a healthy environment. I realize that being on this committee would require a large learning curve regarding past and continuing activities, but feel ready and qualified to educate myself.

Please list any background information (business, education, personal) that might be useful, especially concerning activities that demonstrate your record of public service and commitment to the community.

I worked for over 20 years as a project manager for multimedia presentations for major US and international corporations. That includes experience writing grant proposals, editing, and image prep.

I also worked for 10 years managing the network for my local (1500 student) high school, and the school website. While there, I helped form and oversee a student "green club," that worked to encourage and facilitate waste reduction and recycling in the school.

My volunteer work includes: 15 years for the Red Cross (teaching disaster preparedness); 30 years at my local library in Oregon; numerous repair fair events, cleanups, etc. I was also a member of CERT in Washington County, Oregon for over 10 years.

What do you feel you could contribute to the Open Space and Ecology Committee? Please provide information that demonstrates your interest in open space and ecological issues.

Here's my Abe Lincoln story...

45 years ago, in New York City, there was little opportunity to recycle anything. When I heard about "Village Green Recycling" I started to save my cans, glass, and bundled copies of the New York Times. I put them in a folding shopping cart, hauled it down four flights of stairs, and dragged it ten blocks to the recycling site.

Recycling has been a passion for me my entire adult life. As an artist, much of my work addresses ecological concerns.

I have made it a point to be as well informed as possible, and through my involvement in various fields, have come to understand the importance of working towards finding

solutions that are mutually agreeable to those involved.

Do you have any personal financial interest in any vacant, undeveloped property in Brisbane?
